To Whom It May Concern:

Mr. Daniel Coopriider was employed by the Lummus Company from December 1974 until February 1976. He worked under my supervision as a Junior planner and later as an area planner. In this position he was responsible for the planning and scheduling of pyrolysis units in an ethylene plant.

Mr. Coopriider carried out his responsibilities with great enthusiasm, and showed a very high personal initiative.

I do not hesitate to recommend Mr. Coopriider without reservation and know that he will be an asset to your organization.

Very truly yours,

Dominick Trupia  
Chief Planner  
The Lummus Company
