Tektronix

September 20, 2001

To Whom It May Concern:

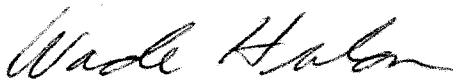

This letter is to state that Mr. Dan Coopriider worked for me while at Tektronix Inc., starting in early 2000 and continuing till August 2001. During that period Mr. Coopriider was responsible for all customer contact, sales and interaction for Tektronix' MPT product line consisting of the Net-C and Net-7 network monitoring systems.

Mr. Coopriider always performed his duties with the utmost integrity and enthusiasm and has been a valued contributor to Tektronix and to the customers he supports. He has earned the respect of his peers, colleagues and superiors and has persevered in his job duties despite an increasingly unstable and difficult market environment.

It is as a result of this chaotic market environment that Tektronix recently decided to abandon the product lines Mr. Coopriider supports. We wish Mr. Coopriider well in his future endeavors and know that he will again be a valued contributor wherever he will work. We wish to stress the fact that Mr. Coopriider's performance was always exemplary and he is considered among the very highest performers in his organization.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

Wade Hulon
